

Nook Simple

(also Sony Readers, Kobo, and E-Ink Readers)

■ Quick Overview

- Requires use of desktop software (Adobe Digital Editions).
- Desktop software and reader must be authorized/paired using same Adobe ID.
- Library eBooks cannot be downloaded wirelessly and must be transferred using a USB cable.
- Compatible only with EPUB format.

■ Set Up

1. Install Adobe Digital Editions (ADE) onto your computer (PC or Mac). Get the free software at www.adobe.com/products/digital-editions/download.html.
2. Open and authorize ADE with your Adobe ID. If you do not have an Adobe ID, create one when prompted. (You will only need to do this the first time. Once entered, the ID will be saved in ADE.)
3. While ADE is open, plug your Nook into your computer using the Nook's USB cable. When prompted, authorize your Nook to be paired with ADE on your computer.

■ Borrowing & Downloading eBooks

4. Search the MRSPL Overdrive eBook catalog on your computer at mrspl.lib.overdrive.com.
5. Click the BORROW button for any title available in EPUB format. You will be prompted to sign in with your MRSPL card + PIN (if you haven't already).
6. In your Overdrive Bookshelf, click on the DOWNLOAD box and check EPUB. Then click on CONFIRM & DOWNLOAD.
7. When prompted, open the item in ADE.

■ Getting eBooks to Your Reader

8. Plug your Nook into your computer using the Nook's USB cable. It should appear in ADE as "Nook" under "Devices."
9. Drag and drop the eBook from ADE into the Nook.
10. Safely eject your Nook from your PC/Mac...and start reading!

■ Returning/Deleting eBooks

11. eBooks automatically expire... but you can delete/return them early through Adobe Digital Editions on your computer.

iPad & Nook Color/HD

(also other Apple iOS & Andoid tablets/phones)

■ Quick Overview

- EPUB format is compatible with the OverDrive app, which can be downloaded free through your device's app store (Apple, Nook, GooglePlay).
- The OverDrive app must initially be authorized with an Overdrive account (or an existing Adobe ID if you have one).
- Many library eBooks can alternatively be opened and read directly through the browser using Overdrive Read. (See box on back page.)
- Kindle format can also be used on devices (iPad, Android tablets/smartphones) offering Kindle Reader app.

■ Set Up (for the OverDrive app)

1. Install the OverDrive app, which can be downloaded for free from your device's app store.
2. Open and authorize the OverDrive app by creating an Overdrive ID (or entering an existing Adobe ID). (You only need to do this the first time. Once entered, the info will be saved.)
3. Click on FIND LIBRARIES (from the app men, which can be accessed by swiping from left to right). Search by zip code – 22046 – to find MARY RILEY STYLES PUBLIC LIBRRAY, which should be the first listing. Then tap on the WHITE STAR to the left of the library entry. The star will turn yellow, bookmarking it for quick access in the future.

■ Borrowing & Downloading eBooks

4. Search the MRSPL Overdrive eBook catalog through MY LIBRARIES in the OverDrive app.
5. Tap the cover of any book and click the BORROW button. You will be prompted to sign in with your MRSPL card + PIN (if you haven't already).
6. In your Overdrive Bookshelf, click on the DOWNLOAD box and check EPUB. Then click on CONFIRM & DOWNLOAD.
7. The eBook should appear in your OverDrive app's BOOKSHELF. Just click on the cover and start reading!

■ Returning/Deleting eBooks

8. eBooks automatically expire... but you can delete/return them early by tapping and holding a book's cover while in your OverDrive app's BOOKSHELF and then choosing DELETE or RETURN when prompted.

Kindle

■ Quick Overview

- Once Overdrive eBooks are checked in the Kindle format, everything is managed in your Kindle/Amazon account.
- Amazon will not deliver library eBooks over its cellular Whispernet. For those devices, the eBook must first be downloaded to a computer and then transferred using a USB cable.
- A small number of eBooks (from Penguin) cannot be downloaded by WiFi...and must first be downloaded to your computer then transferred using a USB cable.
- Overdrive Read is currently not compatible with the Silk browser on the Kindle Fire.
- OverDrive app can be installed on the Kindle Fire (through the Amazon app store) to download EPUB formatted eBooks. (See box to immediate left for general Overdrive Media Console instructions.)

■ Set Up

1. Your Kindle must be authorized to a Kindle/Amazon account.

■ Borrowing & Downloading eBooks

2. Search the MRSPL Overdrive catalog – either on a computer or in the Kindle Fire's browser – at mrspl.lib.overdrive.com.
3. Click/tap the BORROW button for any title available in the Kindle format. You will be prompted to sign in with your MRSPL card + PIN (if you haven't already).
4. In your Overdrive Bookshelf, click/tap on the DOWNLOAD box and check KINDLE BOOK. Then click/tap on CONFIRM & DOWNLOAD.

■ Getting eBooks to Your Reader

5. You will immediately be connected to a Kindle/Amazon page to access the eBook. Click/tap on the yellow GET LIBRARY BOOK button on the right of the screen. You will be prompted to sign in to your Kindle/Amazon account (if you haven't already).
6. The eBook will be delivered to your specified Kindle (or Kindle app) the next time it is connected to the Internet.

■ Returning/Deleting eBooks

7. eBooks automatically expire... but you can delete/return them early through the MANAGE MY KINDLE feature in your Kindle/Amazon Account, which can also be directly accessed at www.amazon.com/gp/digital/fiona/manage.
8. Click/tap on the ACTION button to the right of the title and select RETURN THIS BOOK.

Other Readers...

Overdrive eBooks are compatible with a wide range of readers... not just Nooks, iPads, and Kindles. Increasingly, they are also being read on newer tablets, like the Microsoft Surface or the Samsung Galaxy. Or even on mobile phones!

How you access Overdrive eBooks can vary greatly from device to device. (This will become obvious if you read all the instructions in the boxes to the left!)

Also, on any particular device there may be multiple ways to read an Overdrive eBook. Which way you choose can depend on a variety of factors. An iPad user, for instance, may prefer to read most books using the browser-based Overdrive Read format. (See box on the back page for an overview of this new feature.) But because not all titles are available in this format, he/she may also occasionally use the Overdrive Media Console app or the Kindle Reader app.

Choosing a format may also simply be a matter of preference... liking one download process or reading software option over another.

Thankfully, Overdrive provides detailed instructions for virtually every compatible device in its Device Resource Center. Just go to:

Overdrive's Device Resource Center
www.overdrive.com/drc

■ Online Video Tutorials

Overdrive's Help website provides an extensive collection of brief video tutorials that will walk you through everything: setting up your device, borrowing and downloading, placing holds, using your eReader's features, and more.

Videos are available for a wide range of devices, including iPad/iPhone, Kindle, Nook, Android tablet/phone, Windows 8/Phone, Adobe Digital Editions and Kobo.

help.overdrive.com

■ Overdrive Read

Overdrive Read is a new, easier way to download Overdrive eBooks. All you need is your MRSPL card and your reader's web browser. Simply check out the book, and it will automatically open in your browser. You can even continue reading while offline! No additional software or apps are required.

1. Check out the book at mrspl.lib.overdrive.com.
2. From your Overdrive Bookshelf (while logged into your account), click on READ... and the eBook will automatically open in your browser. Bookmark it in your browser, and you can open it anytime during the loan period... even if your device isn't connected to the Internet.
3. The eBook will automatically expire/deactivate... But if you need to return it early, just log into your Bookshelf any time and click on RETURN TITLE.

To learn more about Overdrive Read, go to read.overdrive.com/about.

NOTES: (a) Overdrive Read works with most "modern" browsers on tablet readers, smartphones, and computers and is optimized for Google Chrome, Internet Explorer, Mozilla Firefox, and Safari. (b) Not all publishers have agreed to this format, so some titles in the Overdrive collection may not offer Overdrive Read. Those eBooks, however, can still be borrowed/downloaded in alternate formats - EPUB, PDF, or Kindle.

■ Donate to MRSPL by Using Overdrive WIN

Books listed in our Overdrive eBook catalog now have a green "Buy" button linking you to popular vendors like Amazon, Barnes and Noble, and Powell's Bookstore.

6% of all purchases through the MRSPL Overdrive catalog come back to the library to help buy more materials for our collection!

If you are considering buying an eBook (rather than borrowing it), please take an extra moment to initiate the purchase through our Overdrive catalog to help fund more eBooks for our library!

eBooks:

Getting Started with Downloadable eBooks @ MRSPL

■ Quick Summary

Finding eBooks: Access our Overdrive eBook catalog directly at mrspl.lib.overdrive.com, or click on "Downloadable Collection" from the library's web page at www.fallschurchva.gov/library. Most eBooks are also listed in our regular catalog and are labeled as "Electronic Books."

Log On: MRSPL card number + PIN

Loan Period: up to 21 days

Loan Limit: 7 eBooks

Hold Limit: 7 eBooks

Hold Notification: By email, with 2 days (48 hours) to claim holds. Holds can also be set to be automatically checked out when available.

eBook Formats: EPUB, Kindle, PDF, Overdrive Read (available formats vary from title to title).

Compatible Devices: Most standard readers, including Nook, Kindle, iPad/iPhone, Sony, Kobo, Android tablet/phone, and MS Surface.

Returns: eBooks automatically expire...so you never have to worry about returns or overdue fines! But they can still be returned early, if necessary.

Renewals: eBooks may be renewed (one time) up to 3 days before the initial loan period ends... as long as no other patron has a hold.

Wish List: While logged in, click the ribbon under any book cover to add the title to your "wish list" of titles to read in the future.

New Titles: New titles are usually added weekly.
